

Editorial Article

The “**Iranian Journal of Materials Forming (IJMF)**” is an international open access journal in the fields of materials deformation and forming processes, which was established at Shiraz University in 2014. The journal welcomes submission from scientists and engineers in both academic and industrial sectors, covering all manufacturing processes. In addition to covering various manufacturing techniques, IJMF addresses multiple forms of material deformation, including elastic and plastic behaviors as well as failure-induced deformations. The journal’s quality and credibility are maintained by a distinguished editorial board, featuring some of the world’s most renowned professors. Notably, the number of editorial board members has increased in this issue, further strengthening the journal’s scientific foundation. Moreover, the diverse and carefully selected group of referees underscores the journal’s commitment to rigorous peer review and scientific excellence. We are proud to announce that, for the fifth consecutive year, IJMF has been published quarterly, with the release of the fourth issue of 2025 marking another successful milestone.

Editorial Board:

D. Banabic, Professor, CERTETA-Research Centre on Sheet Metal Forming Technology, Technical University of Cluj Napoca, Cluj Napoca, Romania

J. M. Cabrera Marrero, Professor, Department of Metallurgical Engineering, Universidad Politecnica de Catalunya, Barcelona, Spain

H. Daneshmanesh, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

K. Dehghani, Professor, Department of Materials and Metallurgical Engineering, Amirkabir University of Technology, Tehran, Iran

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

R. B. Figueiredo, Professor, Department of Metallurgical and Materials Engineering, Universidade Federal de Minas Gerais, Belo Horizonte, Brazil

P. Hodgson, Professor, Institute for Frontier Materials, Deakin University, Geelong, Australia

S. J. Hosseinipour, Professor, Department of Materials, Science and Engineering, Faculty of Materials and Industrial Engineering, Babol Noshirvani University of Technology, Babol, Iran

K. Janghorban, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

M. Kazeminezhad, Professor, Sharif University of Technology, Department of Materials Science and Engineering, Tehran, Iran

T. G. Langdon, Professor, Departments of Aerospace & Mechanical Engineering and Materials Science, University of Southern California, Los Angeles, CA 90089-1453, USA and Materials Research Group, Faculty of Engineering and the Environment, University of Southampton, Southampton, UK

M. Liewald, Professor, Institute for Metal Forming Technology, University of Stuttgart, Stuttgart, Germany

Y. C. Lin, Professor, School of Mechanical and Electrical Engineering, Central South University, P. R. China

R. Mahmudi, Professor, School of Metallurgical and Materials Engineering, Faculty of Engineering, Tehran University, Tehran, Iran

Y. W. Mai, Professor, Centre for Advanced Materials Technology (CAMT), School of Aerospace, Mechanical and Mechatronics Engineering, The University of Sydney, Sydney, New South Wales, Australia

H. Mirzadeh Soltanpour, Professor, School of Metallurgy and Materials Engineering, College of Engineering, University of Tehran, Tehran, Iran

H. Miyamoto, Professor, Department of Mechanical Engineering, Doshisha University, Japan

M. M. Moshksar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

A. Najafizadeh, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

M. H. Paydar, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

M. Reihanian, Professor, Department of Materials Science and Engineering, Faculty of Engineering, Shahid Chamran University of Ahvaz, Ahvaz, Iran

S. A. Sajjadi, Professor, Department of Materials Science and Engineering, Engineering Faculty, Ferdowsi University of Mashhad, Mashhad, Iran

S. Serajzadeh, Professor, Department of Materials Science and Engineering, Sharif University of Technology, Tehran, Iran

J. A. Szpunar, Professor, Advanced Materials for Clean Energy, Department of Mechanical Engineering, University of Saskatchewan, Saskatoon, Canada

M. R. Toroghinejad, Professor, Department of Materials Science and Engineering, Isfahan University of Technology, Isfahan, Iran

N. Tsuji, Professor, Department of Materials Science and Engineering, Kyoto University, Kyoto 606-8501, Japan

S. M. Zebarjad, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

Reviewers for This Issue:

A. Eshaghi Oskui, Department of Mechanics and Aerospace Engineering, Southern University of Science and Technology, Shenzhen, Guangdong 518055, China

R. Gostariani, Materials and Nuclear Fuel Research School, Nuclear Science and Technology Research Institute, Isfahan, Iran

K. Hajizadeh, Faculty of Mining and Metallurgical Engineering, Urmia University of Technology, Urmia, Iran

A. Heidarzadeh, Department of Materials Engineering, Azarbaijan Shahid Madani University, Tabriz, Iran

M. S. Mahdieh, Department of Mechanical Engineering, Shahid Chamran University of Ahvaz, Ahvaz, Iran

S. Mosleh-Shirazi, Department of Materials Engineering, Shiraz University of Technology, Shiraz, Iran

M. Shahbaz, Department of Materials Science and Engineering, School of Engineering, Urmia University, Urmia, Iran

M. H. Paydar, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran

M. Vaseghi, Mechanical Engineering, School of Engineering, Wentworth Institute of Technology (WIT), USA

Editor-in-Chief

R. Ebrahimi, Professor, Department of Materials Science and Engineering, School of Engineering, Shiraz University, Shiraz, Iran
